Hours: Monday through Friday 7:30 a.m. to 6:00 p.m.
Saturday 8:00 a.m. to 12:00 noon.
After hours by appointment

SCHEDULING BLOOD WORK

Scheduling your blood work, as you would a doctor's appointment, is now available at Copley Laboratory. The convenience of a scheduled time – saves you time!

For your convenience, scheduling can be done by calling 802-888-8216 or online via "Request a Lab Appointment" on Copley Website: [Laboratory Services Medical Services | Vermont \(copleyvt.org\)](http://Laboratory%20Services%20Medical%20Services%20|%20Vermont%20(copleyvt.org)). Please note that if calling to schedule your appointment your call will be returned within the next business day. In the event you need an immediate appointment, please ask to speak to someone immediately, or arrive as a walk-in.

Calling ahead and scheduling your appointment not only reduces wait time, it ensures that the lab has received your order. While scheduling your laboratory appointment is encouraged, walk-ins will be accommodated.

If you do not reach a technician, leave a message that includes your full name or name of the person you are scheduling for, date of birth, and name of the provider ordering the laboratory work. The technician will return your call as soon as possible.

Plan on arriving 15 minutes prior to your scheduled appointment to allow time to register with Patient Access located in the main lobby. Once you are registered, proceed to the laboratory window and let them know you have arrived. Please do not arrive any earlier than 15 minutes prior to your appointment.
